## Websites

Alguns websites dedicados a JavaScript, HTML e Java.

*Netscape Developer's Corner*: Site da Netscape dedicado à suas tecnologias Web: JavaScript, LiveWire, LiveConnect, etc. Contém detalhada documentação, artigos, exemplos de código e software. URL: <http://developer.netscape.com/>.

*Microsoft Scripting Technologies*: Site Microsoft dedicado a tecnologias de Scripting como JScript, VBScript e DHTML. Contém, tutoriais, referências, FAQs e exemplos de código. URL: <http://msdn.microsoft.com/scripting/default.htm>.

*NetscapeWorld* e *Netscape Enterprise Developer*: Revistas mensais dedicadas a tecnologias Netscape como JavaScript, Server-Side JavaScript, LiveWire, etc. Foram descontinuadas em Maio/98. URL do índice de artigos publicados entre Julho/96 e Maio/98. <http://www.netscapeworld.com/ned-ti/ned-ti-index.html>URL.

*JavaWorld*: Revista mensal dedicada à Java, com artigos, exemplos de código, análise de livros, etc. URL: <http://www.javaworld.com/>.

*WebDeveloper.Com*: Revista interativa dedicada à tecnologias Web. Possui uma seção sobre JavaScript, com artigos, tutoriais e exemplos de código. URL: <http://www.webdeveloper.com/>.

*Web Developer's Virtual Library*. Coleção de tutoriais sobre tecnologias Web, incluindo JavaScript, Java e DHTML. URL: <http://www.wdvl.com/>.

*WebReference.Com*. Revista e referência sobre tecnologias Web. Tutoriais detalhados, repositório de aplicações, etc. URL da seção dedicada a JavaScript: <http://www.webreference.com/javascript/>.

*DevHead – Web Development for the Next Millemnium*. Revista interativa da ZDNet com seções detalhadas sobre diversas tecnologias Web. Tutoriais, artigos, análise de produtos e livros. URL: <http://www.zdnet.com/devhead/>. Seção dedicada a JavaScript: <http://www.zdnet.com/devhead/filters/javascript/>.

*The JavaScript Source*. Repositório da Internet. Com com vários exemplos de código JavaScript gratuitos. URL: <http://javascript.internet.com/>.

*EarthWeb Gamelan*: Grande repositório dedicado a Java. Muitos applets, aplicações, beans, componentes e documentação. URL: <http://www.gamelan.com/>.

*EarthWeb JavaScripts.Com*: Um grande repositório de programas JavaScript com mais de 2000 aplicações gratuitas (Dez/1998). URL: <http://www.javascripts.com/>.

*ECMA*: Organização europeia que desenvolve as especificações abertas do JavaScript/JScript (ECMA-262 – ECMAScript). URL: <http://www.ecma.ch/>.

*W3C – World Wide Web Consortium*: Site do consórcio que define os padrões da World Wide Web. Contém especificações e software experimental. URL: <http://www.w3.org/>.

*Opera*. Um browser alternativo que suporta HTML4, Java (através de plug-in), JavaScript (parcialmente - baseado em JavaScript 1.1) e CSS (folhas de estilo). URL: <http://www.operasoftware.com/>.
